

REPORT ON EXPERT LECTURE

- Title** : “Machine Learning”
- Date** : 13/09/2019
- Resource Person** : Mr. Chaitanya Shimpi
- Participants** : Students of Second Year and Third Year Computer Engineering.
- Objectives** :To introduce students to the concept of Machine Learning various machine learning technologies, various tools which we can use. How to study Statistical models & relate them to algorithms
- Outcomes** : Students will be able to
- Gain knowledge about basic concepts of Machine Learning
 - Identify machine learning techniques suitable for a given problem
 - Solve the problems using various machine learning techniques .
- Photographs** :
